- **Interviews will take place on October 07, 2021**

**We thank all applicants who take the time to apply for this position.
Only applicants short-listed for the interview process will be contacted.**

ABOUT THE FRASER VALLEY WATERSHEDS COALITION:

We are a charitable organization that believes healthy watersheds provide the foundation for healthy communities. Our Mission is to foster watershed stewardship in the Fraser Valley through Science, collaboration, community support, and active habitat/watershed/ecosystem restoration. Our purpose is to organize and participate in environmental projects designed to conserve, protect, and restore watersheds in the Fraser Valley; increase community understandings about Fraser Valley watersheds by providing seminars and training on watershed management; and undertake activities ancillary and incidental to the attainment of the aforementioned charitable purposes.
